

# LAMB AOP ONESIE

Fabric Weight- OK

Fabric feel - Too stiff. Needs to be softer. Please refer to the sample being sent for handfeel.

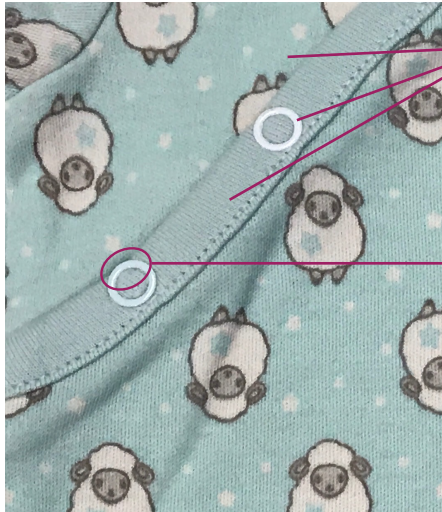

Print Feel - Print feels stiff, it needs to be softer.

Base colour- is a little too yellow, please make it a bit more blue.

Snap colour – snap colour is ok, but the rest of the garment needs to match this. See picture.

Snap is touching the edge of the binding, this is against safety guidelines. Ensure snap is in the middle of the binding and not touching the edge or overlapping topstitching.

Binding colour - the binding and print ground colours need to match. Please see picture.

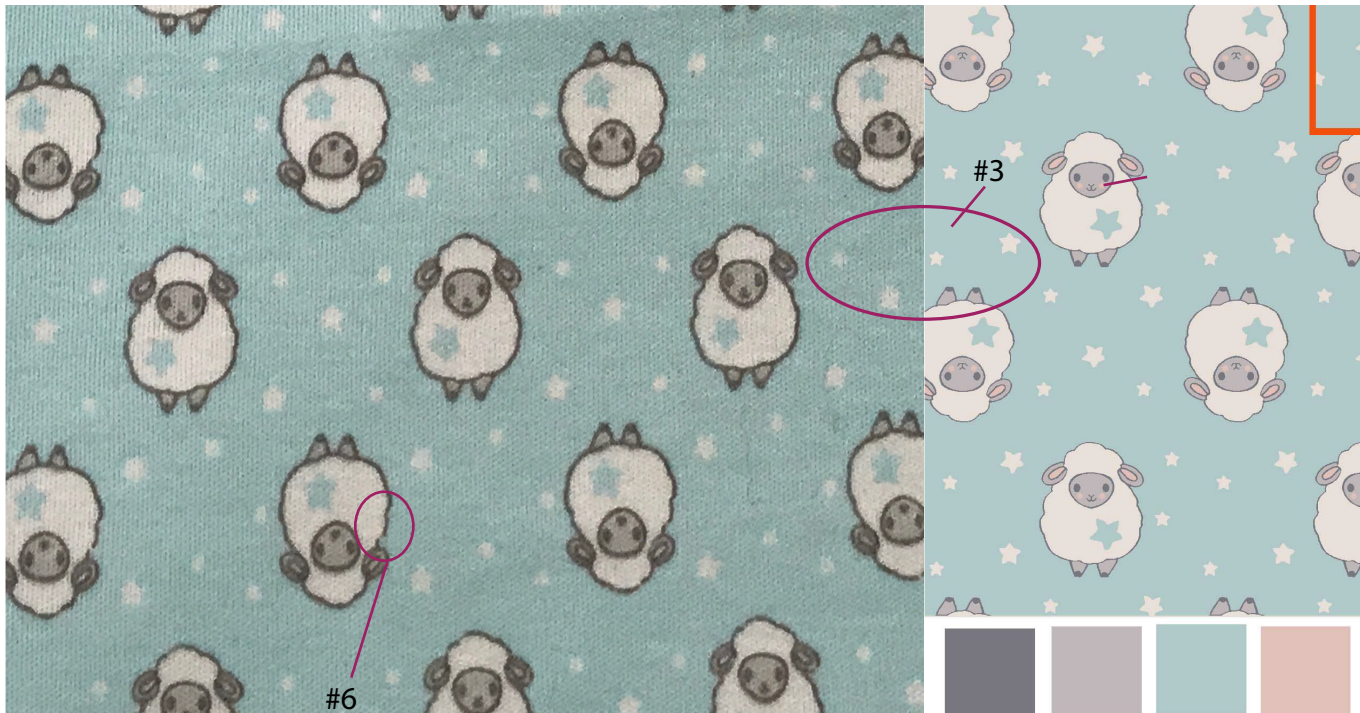

All colours must match the Pastel Blue 12-4607 TCX

Snap cannot be too close to the binding edge.

All Over Print -

- 1) the Egret 11-0103 TCX colour is very DULL. Needs to be corrected.
- 2) The ground fabric is not CLEAN making the white part look dull. Please correct.
- 3) White stars in the print are not clear and visible. IMPROVE the look of white stars.
- 4) The print looks stretched along the grain. (Lengthwise) Please check the print again to make sure it is not stretched.
- 5) Pale dogwood 13-1404 TCX is not visible on the faces, please correct to artwork.
- 6) Ensure all outlines are a continuous line without any gaps or spaces.
